The few weaner steers sold to a much stronger trend ranging from 610c to 736c and the light weights under 200kg reached 850c/kg. Heifers sold to 615c/kg. with only limited numbers of medium weight feeder steers prices lifted selling to 621c/kg and heavy weights were firm ranging between 470c and 572c/kg. The average price of feeder heifers was cheaper but it was breed related and prices ranged from 440c to 468c/kg.

Grown heifers to feed lifted 10c and sold from 410c to 475c/kg and heavy processing heifers reached 482c/kg. Heavy 3 and 4 score cows were 4c to 6c stronger ranging from 385c to 410c/kg
